This Centennial publication has provided us with a wonderful experience of getting to know the university and our colleagues on a deeper and more intimate level. When Cindy first had the idea to create a publication in the spring of 2008 we had no idea of the journey on which we were about to embark. With each revision and suggestion we have been able to dig deeper into our history and into the memories of many of our faculty members. We hope that you find these chapters to provide rich detail of the creativity, imagination, and perseverance that defines 'The Lesley Way.'
