Setting Up Student Homepages

OVERVIEW

The **Student Homepage** in myLesley is a communication tool used to help students get to know one another in a class which never meets face-to-face. Using Student Homepages can increase the sense of connectivity and community in an online classroom. Student Homepages allow students to post personal information, pictures and favorite websites to create their online identity. Students need to create different homepages for each class they take.

ADDING THE STUDENT HOMEPAGE TOOL TO YOUR COURSE

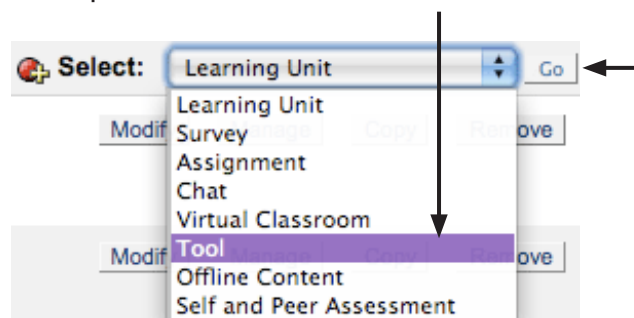

Student Homepages are a default tool which students can locate by clicking on **Course Tools** in the left-hand navigation menu. However you can also add a link to the tool to one of your course content areas or folders (such as a Module or Session folder) to make it easier for students to locate.

1. In your course, enter the content area or folder to which you want to add the tool link.
2. In the top right hand corner, click on **Edit View**. [EDIT VIEW](#)

Edit View menu screen.

3. In the "Select" drop down menu, click on **Tool**, and click **Go**.

The "Select Tool" page will appear on screen.

Select Tool

4. From the list of tools, select **Homepage**, and click **Next** at the bottom of the page.

 **Homepage**

ADDING A LINK TO THE ROSTER

In order for students to view one another's homepages, they will need to access the **Course Roster**. The Roster is a default tool which can be located by clicking **Communication** on the left-hand navigation menu. However you can also add a link to the tool to one of your course content areas or folders (such as a Module or Session folder) to make it easier for students to locate.

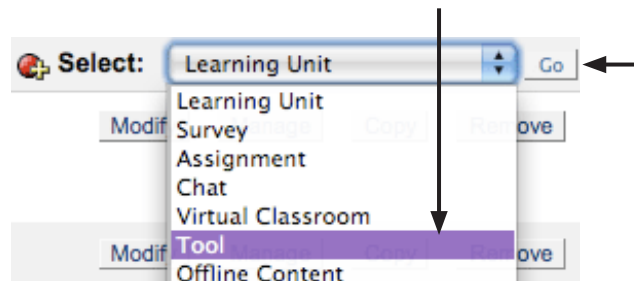

1. In your course, enter the content area or folder to which you want to add the tool link.
2. In the top right hand corner, click on **Edit View**. [EDIT VIEW](#)

Edit View menu screen.

The "Add Link: Roster" page will appear on screen.

Add Link: Roster

5. Under section 1, "Link Information," you can keep the "roster" title for the **Link Name**, or rename it to *Click Here to View Your Classmates' Homepages*.

1 Link Information

* Link Name

Click Here to View Your Classmates' Homepages

You may also want to add instructions in the text box below the Link Name area, such as:

*"In order to view your classmates' homepages, click on the link above. You can also access this information via the Course Roster, by clicking **Communication** on the left hand navigation bar and then selecting **Roster**. In order to view all of your classmates, click 'List All'."*

6. Click **Submit** at the bottom of the page.

A link to the Roster will be added to the content area/folder for your students.

Click Here to View Your Classmates' Homepages

In order to view your classmates' homepages, click on the link above. You can also access this information via the Course Roster, by clicking **Communication** on the left hand navigation bar and then selecting **Roster**. In order to view all of your classmates, click "List All".
